This years marching band had a slow start due to lack or cooperation and interest. Therefore the band was unable to participate in activities they have in previous years. The band was under the new direction of "Bruce" Toast. He commented "This year's band did fairly well considering the amount on unexperienced marchers." Then he went on to say "Next year's band will definately be better." The "Marching Band" did manage to participate in the parade at the state fair in Phoenix

Flags & J.V. Cheers at Their Best

This years flag line consisted of fourteen girls.

This is just a little smaller group than the previous years, but they managed to be very successful.

The purpose of this group was to enhance the appearance of the marching band at football games

The J V. Cheerleading Squad is made up of ten girls. The squad tried their hardest to make this year the best. They had a great deal of pride and spirit which helped the team very much. Their sponsor Mrs. MacNamara is very proud of this squad

Varsity Cheers a Very "Enthusiastic" Squad

Pueblo's Varsity Cheerleaders showed their great pride and enthusiasm this year. The cheerleaders worked very hard during the summer on car washes and other fund-raisers to help raise money to go to cheerleading camp in San Deigo. The camp paid off, they brought back superior ribbons and a spirit stick. They were also very active during the school year, they competed at Tucson Mall and took first place. They also went to the U of A camp and won the spirit stick Their sponsor Mrs. MacNamara is very proud about what these girls have accomplished

Songleaders were more organized and more spirited than they've ever been. Many fund-raisers help purchase their uniforms and other songleading necessities. This past summer songleaders attended a camp held in San Diego. Seven out of ten songleaders will be graduating in the class of 1983. Leaving their cheerful spirit behind, other songleaders will carry it on throughout the years to come

Los Payadores Spread the Joy of Latin Culture

To study and learn about Mexican, Spanish, and Latin-American cultures and to spread the joy of Latin culture through song, music, and dance This was the purpose of the Los Payadores de Pueblo. The class had 22 students, but the best prepared ones were chosen to perform. There was a limited amount of instruments and costumes, so the performing group had 10 to 15 members

The first performance in December was at Nogales. Ms. Sally Lefko, the sponsor, scheduled many performances throughout the second semester. According to Ms. Lefko the busiest month is May

Requirements to become a member was that a student had to pass a test in the form of an audition. If a student passed, he or she qualified for the performing group. Students who didn't pass had to remain in the class.

The Los Payadores de Pueblo practiced every week for approximately 7 to 8 hours, after school and during third period, on the auditorium stage

Who rocks Tucson? Pueblo's varsity Basketball team thats who! Although three of the team members were suspended during the season because of apparent forged physicians signatures on their health forms, they were still the number one team in the city and the smallest AAA team in the state. They had the speed and agility needed for an excellent team

Mr. O'Rourke was quoted as saying, "This was the finest group of young men that I've had the privilege of working with"

J.V. & Frosh Shoot for "2"

"As a coach, I expected to have one of the finest season ever. Although the record at the end of the season was not my finest; con sidering personality, talent, and dedication, this is by far the finest season I have ever had as a coach at Pueblo", stated Coach Gary Crane. Other than being a fine team, the freshman basketball players were competitive and hard working. He also said that the team "will prove to be one of Pueblos's finest team ever" in the future

Although he had two returning players J.V. Coach Holstrom stated that lack of experience and mental toughness hurt the team the most. The junior varsity team gave "on and off" competition, but were aggressive and had togetherness. Coach Holstrom is looking forward to a better season next year

J.V. Coach John Mulay and Freshmen Coach Gary Slagel stated that all the wrestlers had improved from working so hard. Coach Wong expected to have an exceptional season. She also add ed that this was a building season, because only two players were on varsity the year before. "There is only one way for us to go and that's UP!" Though the season wasn't very successful they did surprisingly well and played with team unity. Considering that the warriors were an unexperienced team, every game was very close and a respectable match. Miss Wong was proud of the way the girls performed

Varsity Gets a Shot at the Playoffs!

This year the Varsity Softball Team had a record of . The toughest teams they played were Tucson and Choila, which they lost to both teams. The team lost some of the games because for some players practices weren't taken seriously enough Members of the team stated that Mr. Hess was a good and inspirational coach. Coach Hess felt proud of his team, but felt at times they didn't play up to their potential. The team did go to the play-offs for fourth place against

Hard work and tremendous improvement contributed to the success of the 82-83 varsity softball squad. The team ended the season with a 8-11 mark. Five of the eleven loses were by one point. Although the team suffered two shut outs both to Cholla, they also beat more teams this year and were even tied for first place early in season. But lack of intensity kept the team from reaching their full potential as they fell to the Buena Colts in a play-off game

J.V. Softball Team Has Good Season

This year the J V Softball Team had a record of 10-5-1. What enabled the team to do so well was good pitching, good team defense, and 5 returning players. Coach Harcus felt that his team played up to their potential at times, but sometimes they were not at their best. Cholla and Santa Rita were the toughest teams to play against, they played Santa Rita for 8 innings and beat them with a score of 10-9. They lost against Cholla. The team leader Carmen Limon, who had a very good attitude and ability to keep teammates ready to play. The most improved players were Romie Romero and Yvette Gonzalez. Yvette Gonzales stated that the team had a good season because "we played as a team."

Cross Country; Golf Are Small in Size, But Hopeful

Throughout the years golf has needed the involvement of more students to participate. The group was made up of nine players. Gilbert Moya has been in golf for four years, Jose Cornejo and Tony Peralta have both had three years experience. Dedicated team members are what makes a successful sport. The other players had either two years experience or beginners, which is a good sign for a good season next year

Due to lack of participation, cross country has been having a loosing season. Not many students go out for the team. Mr. Castro was the coach. Through the morning announcements he urged students to try out for the team. Girls were especially needed. Participants will be needed for next years' season

This year the 1982 Varsity football team had a record of 1-9 Sahuaro was the only team that the Varsity football team beat. The team leaders were, seniors Joe Stoglin and Alfred Cuestas

When asked why the team lost so much Ernie Pesqueira replied "I think we lost so much because we lacked self-confidence and had too many complaints against each other." Injuries also kept the team from doing better

New Additions, New Changes Occur on P.H.S. Campus

There were three new assistant principals added to Pueblo's administration. Jim Mofette, assistant principal of instruction, Gus Luna, assistant principal of activities, and Lina Trujillo, assistant principal of operation. Mrs. Trujillo was asked how she felt about Pueblo, "There are many challenges here, but I feel great having returned to my alma mater."

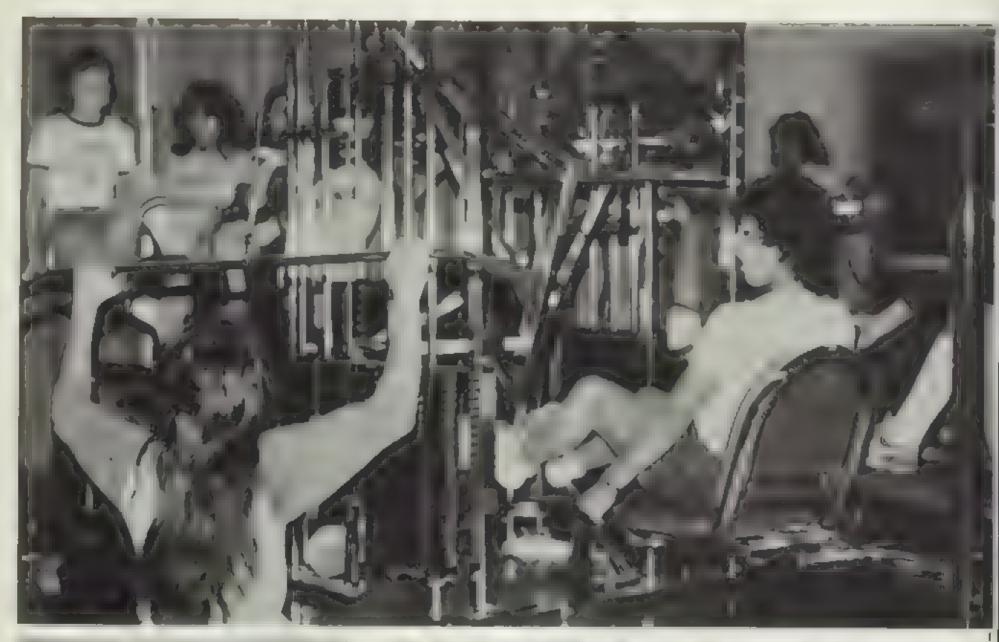

Three noticeable changes this year were attendance policy, discipline policy, and the Extended Day Program

Carranza Brothers Actively Involved

Richard and Reuben Carranza are twin brothers who attend Pueblo High School. They are not only friendly, outgoing, and handsome but they are actively involved in and out of school. Honor Society, FBLA. The Marching Band, Los Payadores, and Student Council are among some of the school activities they have both been involved in. Outside of school, Richard and Reuben are in a Mariachi group which keeps them very

When asked how they felt about Puebio, they said it was a good school with a lot of good teachers, and the main thing to do is change its image. Their hobbles consist of music, weightlifting, video games, and running. Their future plans are going to college. When asked how felt about being twins, Richard replied "We feel like regular brothers." (Richard and Reuben are pictured on page 137)

2 Mr Guerrieri was a new, but good advisor.

It is the responsibility of the Editor-in chief to write a "Thank you" to everyone who helped put the yearbook together. This seems to have chang ed when our editor Debbie Schiffer told me that I would be responsible for the last three pages in the book

I would like to thank everyone for working so hard and getting the book done on time

But the real credit for completing this book goes to Debbie Schiffer who took over the staff after our editor resigned for personal reasons at the beginning of the semester

As a staff, we jumped in with both feet in planning this book. We wanted "a whole new look"

The frustrations were almost endless; mix-ups with pictures disappearing, layouts being done and redone, pictures ordered, but not delivered on time

Finally the staff started putting things together and gave 100% In reading this book you'll have proof that their efforts were successful

To all, regardless of what complaints you'll hear (there are always some), this yearbook is dedicated to your efforts; "I love you all
